

God can choose to give you this gift of faith any time He wants to, even if you don't ask for it. It can just come upon you because He is merciful and loves you. God can also move upon you when someone prays for you.

You want to position yourself to access this. Walk in love. Faith works by love. The closer we walk with God, the closer we are to receiving anything He has for us. Also, being aware that there is such a thing as the gift of faith. You can build your measure of faith by studying the Word of God. That is a different kind of faith, but it positions us to receive all God has for us.

This gift of the Spirit has operated many times at AJF, corporately, and in many of our individual lives. For example, when the Lord made it clear it was time for the church to move to the present location and where we were to move to, it didn't make a lot of sense in the natural realm with not enough storage or office space available at the church, but the Lord provided the perfect spot for the office house within a very short time. Walk in faith not by sight! A more recent example is how we obtained Station 411. The gift of faith was operating in Pastor Cathy as she met with the realtor and the elders as well, as they obediently followed the Lord in obtaining this building free of charge. God has great plans for this building and will provide what is needed each step of the way. This is part of His plan for the next great move of God, as He pours out His Presence in so many ways.

Think about your own life and the times you have faced impossible circumstances, but you had this overwhelming peace and assurance that God was in control. He was going to do the impossible and He did. Maybe not in the way you thought the situation needed to be resolved, but in a much better way. God's ways are always higher than our ways.
